WELCOME TO TEXAS CAPITALISM
It’s what happens when determination puts on its boots.
Potential turns into resolve.
“What if?” into “Let’s do this.”

It’s hiring top talent, developing the best partnerships
and building something great together.

It’s taking another look at complicated deals,
honoring our commitments, and shaking hands without fear.

It’s independent bankers
aligned with independent businesses,
to take the competition by storm.

It’s turning business success into lasting personal success.

This is Texas Capitalism™
And it’s an idea as big as the state it was born in.

THIS IS TEXAS CAPITAL BANK.
Since our founding, we’ve helped build nearly every type of business. In the process, we’ve built our own, one relationship at a time — first across Texas, then nationwide.

As entrepreneurs and business owners ourselves, we understand the complexities of building a successful company.

We recognize the value of knowledgeable professionals offering a truly personal approach to service.

And we have innovative ideas to drive current and future business success.

That is how we continue to assemble an enviable group of clientele across the country.

Texas Capital Bank is traded on NASDAQ® and is one of the nation’s strongest and fastest-growing banks.
There is no such thing as a perfect business expansion, merger or acquisition. In today’s environment, growth is usually accompanied by a few speed bumps.

That’s why it is prudent to partner with bankers who have been down the same road, know what lies just around the bend, and can serve as trusted advisors.

At Texas Capital Bank, you’ll be working with an experienced team that remains at your side, helping steer your growth every step of the way.

We are committed to you for the long haul, as you evolve from small business to midsize … to large.

YOUR GROWTH IS OUR BUSINESS

Member FDIC; however, products with an * are not FDIC insured.
Today’s executives are challenged to manage operational costs, maintain visibility into their funds and maximize returns on their cash.

To tackle those issues, you can depend on Texas Capital Bank to provide you with solutions that improve business processes, optimize cash positions and streamline back-office operations.

By increasing visibility.
By accelerating receivables.
By slowing down payables.
By mitigating fraud and other risk.
By capitalizing on emerging opportunities.

And, of course, by making working capital work smarter as your business evolves.

WORKING CAPITAL WORKING SMARTER

TO PROTECT AND PRESERVE

We provide a bridge between your business success and your long-term personal financial goals with comprehensive wealth management and concierge private banking services. No matter what your goals, we’re in the business of helping you achieve them.

Our highly experienced team of bankers and advisors work with our clients in an honest and transparent way to share the extensive responsibilities of wealth. Your financial needs are complex, yet there is no reason your providers and solutions should be.

Our singular goal is to create an extraordinary client experience, while providing you with the guidance and services needed to ensure your financial future.
We are all members of a greater community. And we all have a responsibility to help each other thrive. When it comes to community outreach, we embrace the same partnership philosophy that has worked so well with our clients.

Each of our markets focuses its outreach efforts on a specific community — adopting an elementary school and supporting neighborhood nonprofit organizations with both financial and volunteer resources.

And our Texas Capital Community Development Corporation (TCCDC) makes loans and equity investments in projects that create affordable housing or promote economic development and job creation in low-to-moderate income areas.

Improving your business while building our community? It’s not only possible, it’s a core part of our mission.
At Texas Capital Bank, respected business leaders have discovered a personal approach to banking.

They’ve told us that they appreciate that we enter listening — that we first come to understand their objectives and plans, and only then craft a strategic road map to help achieve their goals.

Apparently the formula is working: Over 95% of our clientele comes from referrals. That speaks volumes about our responsiveness, insight and service excellence.

We are honored to bring Texas Capitalism to some of the country’s most successful dreamers, thinkers, planners and doers.

We’d welcome the opportunity to work with you as well.
We’re proud of our reputation as a bank that is big enough to get complex deals done, yet small enough to know our clients by name. Connect with us today to learn how we can help you.
